St Alphonsus  
School

1921-2021

*For*

100 years, St. Alphonsus School has cultivated an environment where students can grow academically and spiritually in the context of a supportive, faith-filled learning community. Generations of students have flourished through their experiences at our school. Their ranks include many strong individuals who have been, and continue to be leaders in this community and beyond. Gala was introduced as an endeavour to assist in subsidizing the costs associated in building a new school gymnasium and has gone on to fund extensive enhancements to the school and programing. Gala has become a recognized and celebrated annual tradition. It is an opportunity to celebrate together as a community especially during this milestone year, and make a difference in the lives of the students and staff at St. Alphonsus Catholic School.
